OXYGEN

WHY IS OXYGEN IMPORTANT IN SKINCARE?

Oxygen is critical for almost ALL living organisms—including our CELLS!

All Cells In The Body Require Oxygen

By the age of 40 Oxygen is reduced on average in the skin by 50%. Oxygen increases the protein (cytoglobin) which is responsible for transporting oxygen within the fibroblasts by 56%! Helping to stimulate collagen and elastin.

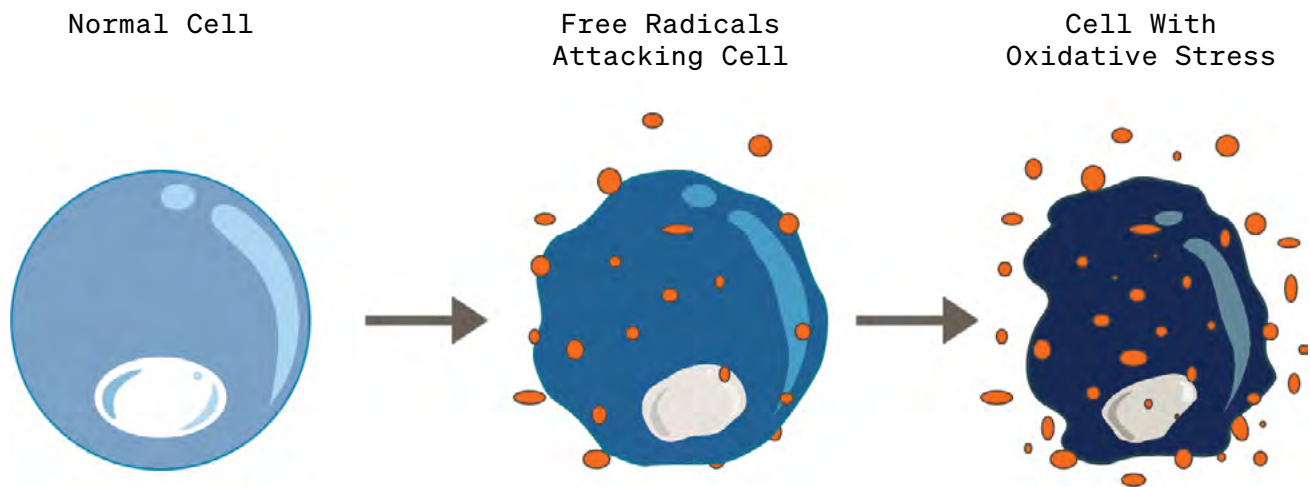

OXYGEN AND SKIN CELLS

Constant oxygen supply is essential for cutaneous cells. Oxygen is necessary to produce cell energy and maintain homeostasis.

Lack of Oxygen leads to skin issues such as:

- Hypoxia—Hypoxic Stress
- Shortening of Telomeres
- Premature Aging of Cells
- Oxidative Stress—LEAD TO CELL DEATH

Glycation: inhibits DNA, proteins and lipids

Processes

OXIDATION

Is where there is an imbalance—grabbing or scavenging for electrons from ANY chemical molecule. Oxidative stress is UNSTABLE forms of Oxygen.

OXYGENATION

Signifies an increase in the number of oxygen molecules and BREATHES life back into cells.

Benefits of Oxygen in Skincare

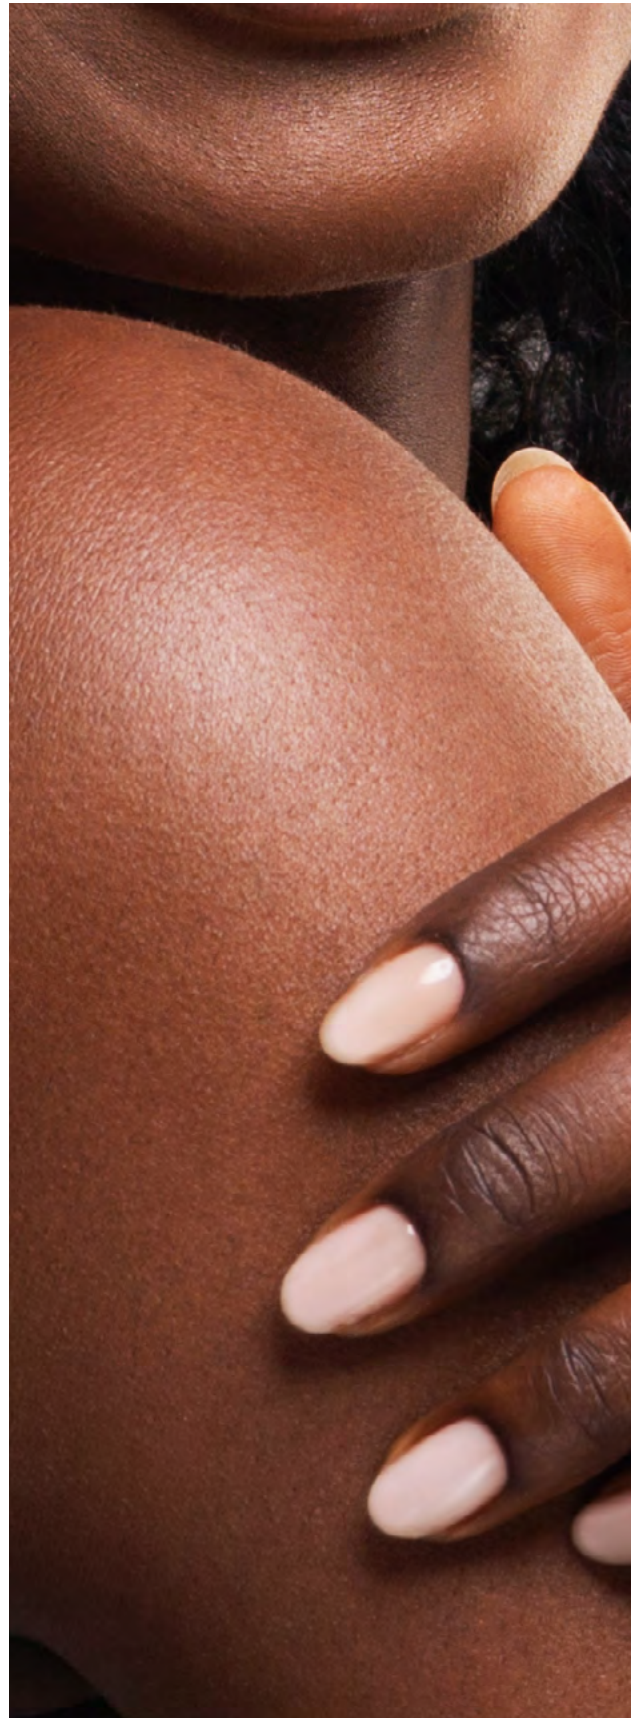

- Wound Healer—increases nutrients to cells and reduces infection
- Anti-Aging—Combats hypoxic and oxidative Stress
- Reduces Inflammation
- Improves radiance and hydration
- Detoxifies
- Boosts collagen production
- Increases cellular functions
- Removes Carbon Dioxide in cell storage
- Increases Cell Metabolism—Instantly Brightens
- Antibacterial and anti-microbial properties

WHO IS IT GOOD FOR?

- Safe for ALL Skin Types/Fitzpatricks/ Acne Grades
- Prevention, Aging and Photo-Damaged Skin
- Rosacea SubType 1

Restrictions

- Rosacea SubTypes 2 and 3—influences blood vessels and increases circulation

OXYGEN FOR SKIN CONDITIONS

OXYGEN FOR SKIN CONDITIONS

OXYGEN FOR PREVENTION

The best way to actively care for damage that leads to premature aging is to PREVENT IT!

Oxygen normalizes the hypoxic stressor (HIF-1A) which is responsible for creating hypoxia and leading to skin issues and even cell death.

Supplying our cells with oxygen will help them to maintain a healthy life cycle.

OXYGEN FOR AGING AND PHOTO-DAMAGED SKIN

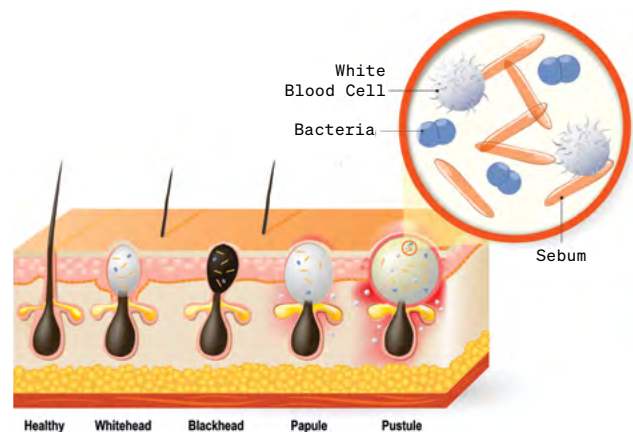

Oxygen levels directly affects skin fibroblasts and essential cells responsible for our Barrier Repair Function.

Low oxygen levels also affect our Stem Cell production, especially in the stratum basal layer—which is responsible for mitosis and essentially creating your epidermis

OXYGEN FOR ACNE

Oxygen not only kills bacteria that leads to breakouts in the skin but it also has powerful anti-inflammatory and wound healing properties.

There are no contraindications with Oxygen and is safe to use on ALL grades of Acne.

PROFESSIONAL OXYGEN BOOSTER

Professional Only

GM103

1.0 fl. oz. | 30 mL

This oxygen powder can be added to any cleanser or masque to instantly deep clean pores, kill acne causing bacteria and prevent the oxidative stress that leads to premature aging in the skin. Customize any product to be an anti-aging and anti-acne treatment instantly.

RECOMMENDED FOR

Adding or boosting anti-aging properties for products or treatments.

DIRECTIONS

Dispense a small amount to cleansers, masques or any professional treatments incorporating additional powder as necessary. Blend well.

INGREDIENTS

Sodium Bicarbonate, Potassium Myristate, Sodium Sesquicarbonate, Zea Mays (Corn) Starch, Sodium Lauryl Sulfoacetate, Sodium Chloride, Sodium Sulfate, Isononyl Isononanoate, Decafluoropentant, Ethylhexyl Isononanoate, Decafluoropentant, Sodium Cocamidopropyl Pg-dimonium Chloride Phosphate, Polyhydroxystearic Acid, Saccharum Officinarum (Sugarcane) Extract, Pyrus Malus (Apple) Fruit Extract, Camellia Sinensis (Green Tea) Leaf Extract, Citrus Aurantium Dulcis (Orange) Fruit Extract, Citrus Limon (Lemon) Fruit Extract

KEY INGREDIENTS

Bio-Oxygen: Oxygen is essential for all cells in the body and helps to support and influence proper cellular functions. Bio-oxygen breathes life back into dull, tired cells that have been compromised by free radical damage and oxidative stressors that lead to premature aging in the skin. Oxygen is also responsible for creating energy to heal, cleanse, detoxify and restore and has become one of the most advanced treatments in skin care for aging, acne, pigmentation, rosacea and other skin conditions.

Apple: It contains soothing and anti-inflammatory properties and is beneficial for dry skin. In addition, apples contain malic acid and tartaric acid, natural AHAs, which can provide a degree of exfoliation.

Green Tea: A powerful antioxidant due to its catechin content, which protects cells from free radicals and their associated damage. It is also known to be antibacterial, anti-inflammatory, and to have the capabilities to extend SPF.

Orange: Known for its anti-inflammatory qualities, orange helps to detoxify congested skin and soothes dry, irritated skin, especially in cases of dermatitis and eczema. It increases collagen, which discourages the formation of fine lines and wrinkles. It also reduces puffiness.

TREAT

- 03 Dispense 1–2 pumps Lactic Astringent Prepping Agent to small dish. Apply to skin using a saturated 4×4 woven gauze to remove all lipids from the surface.
- 04 This is a layered solution. Dispense 1 tsp Professional Oxygen Regenerative Solution to small dish. Apply evenly to skin using a saturated 4×4 woven gauze. Wait 3–5 minutes for neutralization to occur before applying next layer. Up to 1–2 layers may be applied. Fan may be used to cool skin.
- 05 Mist skin with Skin Recovery Mist. Apply Daily Skin Clarifier and Restoring Fulvic Elixir. Dispense 1 pump of each serum to palms and apply to face, neck, and décolleté. Gently massage for 5 minutes adding more slip if needed.

BALANCE

- 06 Apply Ultra Hydro Gel and Protective Skin Serum with Ceramides. Dispense 1–2 pumps to palms and apply to face, neck, and décolleté. Gently massage for 5 minutes adding more slip if needed.
- 07 Apply Oxygen Cream and 1/2 dropper of Professional CBD Booster. Dispense to palms and apply to face, neck, and décolleté.
- 08 Apply Rosacea Relief. Dispense 1–2 pumps to palms and apply to face, neck, and décolleté.
- 09 Dispense Hydrating Lip Balm to cotton swab and gently apply to lip area.

PROTECT

- 10 Apply a small, grain size amount of CBD Regenerative Eye Cream to entire eye area and massage until absorbed.
- 11 Finish with Hydrating Protection Gel with SPF 15. Apply a small pea size amount to face, neck, décolleté and any other areas exposed to UVA/UVB Rays.
